Nonprofit Clients Only

To the Board of Directors of
Camp Fire USA of Central Ohio Council

I have audited the accompanying statement of financial position of Camp Fire USA of Central Ohio Council, a nonprofit organization, as of December 31, 2008 and 2007 and the related statements of activities, cash flows and functional expenses for the years then ended. These financial statements are the responsibility of the Council's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Camp Fire USA of Central Ohio Council as of December 31, 2008 and 2007, and the changes in its net assets and its cash flows and functional expenses for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements
For the Years Ending December 31, 2008 and 2007

NOTE A - ORGANIZATION AND PURPOSE

Founded in 1910, Camp Fire USA was the first nonsectarian, interracial organization for girls in the United States. Based on a commitment to the entire family, whatever its structure, membership was expanded to include boys in 1975. For the past century, Camp Fire USA has served over 42 million children and youth, helping them become caring, confident leaders.

Camp Fire of Central Ohio Council (the Council) is an Ohio not-for-profit corporation, which was organized to provide, through a program of informal education, opportunities for youth to realize their potential and to function effectively as caring, self-directed individuals responsible to themselves and to others; and, as an organization, to seek to improve those conditions in society which affect youth.

The Council's main programs include:

- **Camping and Environmental Education** – Outdoor experiences help children work in groups, make friends and build self-esteem while learning about ecology, conservation and the interrelationships of all living things. Camp Fire Central Ohio Council offers resident camp, day camp, overnight camping, family camping, and outdoor education.
- **Camp Fire Kids Before and After School Program** – Camp Fire USA is providing before and after school programming for three Imagine Schools in Columbus Ohio. This program enables parents to have piece of mind while at work that their children are being well cared for in a loving educational environment. We emphasis small group cooperation and reinforce academic work as well as foster creativity and environmental stewardship.
- **Traditional Club Programming** – The Club program emphasizes the value of small groups where children receive positive adult interaction – not only with parents, but also with non-family teens and adults. The curriculum is directly tied to asset-based, measurable outcomes and educational competency standards.
- **Kids of Character** – This program engages students in learning about differences in people through a literature-based program. Students in grades 3,4 or 5 read books and respond to questions about a variety of subjects that illustrate how intolerance of the diversity among people hurts us all.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Council have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Basis of Presentation

The Council has adopted Statement of Financial Accounting Standards (SFAS) No.117 , "Financial Statements of Not-for-Profit Organizations." Under SFAS No.117, the Council is required to report information regarding its financial position and activities according to three classes of net assets (unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets) based upon the existence or absence of donor-imposed restrictions. The Council adopted SFAS No. 116, "Accounting for Contributions Received and Contributions Made." In accordance with SFAS No. 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. SFAS No. 116 also requires that pledges receivable are recognized in the accounts if the pledges are unconditional promises to give.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Support

All public support and revenue received by the Council is considered to be available for program and supporting services unless specifically restricted by the donor. The Council reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. The value of donated services and commodities are included in the accompanying financial statements only if an objective basis is available to measure the value of such services and commodities. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily-restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Designations of current unrestricted funds are made at the discretion of, and are subject to revision by the Board of Directors.

Functional Expenses

The costs of providing the program and management and general services have been reported on a functional basis in the statement of activities. Indirect costs have been allocated between the various programs and management and general services based on estimates. Although the methods of allocation used are considered appropriate, other methods could be used that would produce a different amount.

Income Taxes

The Council qualifies as a tax exempt organization under section 501 (c) (3) of the Internal Revenue Code and is not subject to federal income taxes. Accordingly, no provision for taxes is included in these financial statements.

Cash and cash equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates the fair market value because of their short maturities.

Property, Equipment, and Depreciation

Property and equipment are stated at cost, if purchased, or estimated fair market value at time of donation, if donated. Depreciation of property and equipment is provided for in amounts sufficient to relate the cost of depreciable assets to operations over the estimated service lives on a straight-line basis.

The range of useful lives used in computing depreciation is as follows:

Buildings	20 years
Equipment and furniture	3-10 years

Statement of Cash Flows

For purposes of the statement of cash flows, the Council considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Net cash flows from operating activities includes no cash payments for income taxes.

NOTE C – CONTRIBUTIONS RECEIVABLE

At December 31 2008 the Council had \$32,200 of contributions receivable which will be received within one year and \$23,290 which will be received in one to four years. Total amounts receivable are \$54,490, which have been discounted by \$1,683 using a rate of 5%.

As of December 31 2007 these receivables were \$22,320 receivable within one year and \$33,680 which will be received in one to four years. Total amounts expected were \$56,000, which have been discounted by \$2,581 using a rate of 5%.

NOTE D – PROPERTY AND EQUIPMENT

Property and equipment are carried on the books at historical cost for items purchased or assigned cost for donated items, with the appropriate accumulated depreciation. The depreciation charged against net assets consists of the amount required to write down the original cost of fixed assets to a residual value over their estimated useful lives. It is the Council's policy to capitalize property and equipment of \$500 or higher. Lesser amounts are expensed as period costs.

The straight-line depreciation method is used by the Council with useful lives of buildings at 20 years and fixtures, furniture and equipment ranging from 3 to 10 years. Fixed assets consist of the following:

	<u>2008</u>	<u>2007</u>
Land	\$4,821	\$4,821
Buildings	239,285	223,575
Fixtures, furniture, & equipment	45,389	44,257
Total	<u>289,495</u>	<u>272,653</u>
Less: accumulated depreciation	(243,782)	(240,654)
Net	<u><u>\$45,713</u></u>	<u><u>\$31,999</u></u>

Depreciation expenses for the years ending December 31, 2008 and 2007 were \$3,128 and \$3,287 respectively.

Permanently-restricted net assets are available for:

Endowment fund providing investment earnings to support the operation of the camp \$3,500

NOTE H - CONCENTRATION OF CREDIT RISK

The Council places some of its temporary cash and money market accounts with creditworthy, high-quality financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

NOTE I - DONATED SERVICES

The Council receives volunteer services that are not recordable under generally accepted accounting principles. A substantial number of volunteers have donated a significant amount of time in the Council's program services. The value of volunteer services is not disclosed as no objective basis is available to measure the value of such services.
